

BUSINESS AS USUAL

Our regular lines of business, providing Workwear / Hi-Vis / Footwear and PPE are in general operating as usual, with the odd exception with **COVID19** related products which we have listed below.

ANTI-BACTERIAL GEL AND DISINFECTANT

We have regular stock coming in which are constantly updated on our website.

DUST MASKS

We would like to stress that use of Dust Masks to combat the COVID-19 is not recommended. Ill-fitting masks provide no protection. We urge that any supply of Dust Masks are purchased by customers that require them for professional business purposes. Our stocks are very low, but are expecting limited fresh stock in 2 to 3 weeks time. We will mail again when we know exactly when these will arrive and will begin to take forward orders.

Any Dust Masks we currently have are listed here

GOGGLES

Neither ourselves nor manufacturers have any type of Safety Goggles and we currently cannot provide due dates. There is currently no shortage of Safety Spectacles though – we have 1,000's in stock.

Our Safety Spectacles can be found here

DISPOSABLE GLOVES

Manufacturers are now rationing stock of Disposable Gloves. Again we urge customers to only purchase what is needed so supplies can be shared around. Our stocks are currently low. We suggest longer lasting Non-Disposable Gloves as a suitable alternative under the circumstances and stock of these is plentiful.

Our range of Non-Disposable Gloves can be found here

DISPOSABLE OVERALLS

Stock levels of all types are critical. As per Dust Masks we expect more in 2 to 3 weeks time. We again will mail when information is concrete and begin taking forward orders.

Our range of Disposable Workwear can be found here

VISIT TO OUR PREMISES

To safeguard our staff as best as we can while at work, we have restricted access to our offices and warehouse. We kindly ask that visits to our premises are kept to a minimum for the time being.
